# ARLINGTON ADDITION

--to--

# CLARKSBURG

This addition is a part of the Crawford farm and joins North View. The Board of Trade has fifteen acres adjoining this farm for factory sites and the land owners have reserved 30 acres more for the same purpose. No factories are to be located on any part of this land that will decrease the value of these lots but are to be such as will increase their value.

The street car company is extending its line to North View and the owners of these lots are making arrangements to build a foot bridge across the West Fork river near Gore Station on the Interurban line bringing this property within easy reach of the city.

This property with one mile of river frontage and the B. & O. R. R. extending through it for more than a mile, makes it one of the most practicable factory sections of Clarksburg. We are placing on the market 160 lots 40x120 feet, ranging in price from

\$100 to \$250

\$50 down, \$50 per year, and some larger lots suitable for truck patches and chicken farms at prices as reasonable and terms as easy.

Arlington, with its ideal factory sites, its easy reach of Clarksburg, offers an opportunity to make money with little investment. Don't fail to investigate.
